

## LIMITATIONS/PROVISIONS ON THE USE OF A SPECIAL HAULING PERMIT

*THIS IS A TWO-SIDED FORM AND MUST BE CARRIED IN ITS ENTIRETY*

### GENERAL LIMITATIONS

1. A copy of the valid Special Hauling Permit (SHP) as issued by the Ohio Department of Transportation (ODOT) shall be in the possession of the driver at all times during the progress of transportation and shall be shown on demand to any law enforcement officer, employee of the Ohio State Highway Patrol or to any employee of ODOT. The driver is responsible to identify and present the precise copy of the SHP covering the movement of the load being transported. The SHP shall be clearly legible, free of any markings, writing, symbol, logo, letterhead, characters or inscriptions that are not part of the SHP as transmitted by ODOT (an additional tele-facsimile header is allowed).
2. The permission granted restricts the movement of the vehicle(s) or object(s) to the highways specified, between the points designated, and within the time allotted. Permittee is responsible to check the route for abnormal, changed, or unknown/unusual conditions which may exist during any move. **Permission to travel county or township roads, local streets not part of the State Highway System, or the Ohio Turnpike must be obtained from the proper authorities.**
3. No vehicle(s) or object(s) being transported under a SHP shall be left parked on the roadway either day or night except in case of an emergency, in which case adequate protection shall be provided for the traveling public. The vehicle(s) shall not be loaded or unloaded within the limits of the highway.

5. SHP's will not generally be issued for built-up loads that are divisible into legal loads or loads that have not been loaded to the least over dimension or the least overweight. Miscellaneous items may, however, be transported on the same vehicle with an over dimensional piece or pieces so long as the miscellaneous items do not add to the over dimension. It is not necessary to identify these miscellaneous items. If, in the event of an extenuating circumstance, a SHP is issued for a divisible load in which two or more pieces add to the over dimension or overweight, such load will be adequately described.
6. A SHP is void at any time road, weather or traffic conditions make travel unsafe, as determined by the State Highway Patrol or local law enforcement.
7. Movement of mobile homes, manufactured structures, office trailers, and park model recreational vehicles is prohibited when wind velocity exceeds 25 mph on the roadway or 15 mph on bridges.

1. No vehicle(s) or object(s) being transported under a SHP shall travel in convoy with any other oversize/overweight vehicle or vehicle and load. Convoying is defined as operating within 500' of any other permitted vehicle that is traveling in front and in the same direction as said vehicle.
2. Every vehicle operating under a SHP when traveling on freeways, expressways, multi-lane undivided highways, shall remain in the extreme right-hand lane of said highway except as necessary to maintain continuous through movement, to make left turns or exits or to pass other vehicles.
3. Any load with an overall height in excess of **14 feet 10 inches** shall be required to coordinate the move with the owners of all overhead signs, signals, utilities, etc., which may obstruct safe, clear movement.
4. Reductions in legal weight posted on roadways or bridges must be obeyed. Contact the Permit Office immediately if your route includes legal load reductions.
