Mr. Mike Phillips
Director

Expiration Date Procedure for Amber Light Permit Nos. 805002 – 855002

Amber light decals with permit numbers 805002 through 855002 display an expiration year range of 2023 through 2027. Due to a recent change in Georgia law, amber light permits now expire five years after the date of issuance. All amber light permits issued in 2023 will now expire in 2028. Amber light permits expiring in 2028 will be designated by one hole punched in the month in which the permit expires, and two holes punched vertically in the 2027 box indicating a 2028 expiration date. Please see the example shown below:

This exception will not apply to amber light permit numbers outside the number range of 805002 through 855002.

PLEASE KEEP A COPY OF THIS LETTER IN ANY VEHICLE DISPLAYING AN AMBER LIGHT PERMIT IN THE AFFECTED NUMBER RANGE.

For questions, please contact the DPS Permit Section at (404) 624-7491.
